

**NORTHFIELD PLANNING BOARD
SITE WALK
OCT. 13, 2007**

Members present: Michelle Bonsteel, Fran LaBranche, Bill Dawson, Glen Brown, Wayne Crowley, Doug Read. Also present: Mark DeGrace, Eliza Conde, Wesley DeSousa.

Members walked the potential building site of the Coburn subdivision (Tax map R7, Lot 14) with access from Sandogardy Pond Road. There appears to be sufficient space and soil for the building site. The driveway access will require a wetlands permit with a culvert and proper drainage.

This application continued to November 14, 2007.

Members walked Scribner Road and reviewed maps for the Partridge site plan (Tax Map R5 Lot 35-1). As the location for the building was not clear this application was continued to November 10, 2007 after the Doubleday site walk. The applicant was asked to clearly stake out the location of all four corners of the building, the driveway entrance and the location of the extra parking lot.

Respectfully submitted,

Eliza Conde, Secretary
