SITE VISIT**

Also Present: Cathy Thibeault, Eliza Conde, Walter Hall, Mark Hayes, Jason Pucher, Glenn Smith

Sel. Brown began the site visit at 9:05 am.

The group walked from the parking lot of the Gravity Mountain Bike Park to town owned parcel R18-2, where Mark Hayes pointed out the corner markers of the property, as he believes them to be, and walked the route of the proposed mountain bike trail through the property. The proposed trail runs through the Boy Scout campsite. It was agreed that the scouts would investigate the possibility of relocating the campsite to accommodate the proposed bike trail.

The site visit ended at 11:00 am
