The meeting was called to order by the Chair of the TNWD Chair at 6:03pm

Discussion points included the use of salt on Rt. 140, the threat posed by the potential for trucks using the road to tip into the aquifer, emergency containment plans, the possibility of recruiting Senators Hosmer and Forrester use of hazardous materials by businesses in the area, and business inspection procedures.

Scott Davis volunteered to prepare proposals reflecting the items discussed during the meeting and suggested that the group meet again in mid-summer.
