Origin: Like many other towns, Northfield began with a group of residents who felt they lived too far from the center of town, in this case Canterbury, making it inconvenient to attend public affairs. Petitioners were granted a separate township in 1780. The Northfield library was called the "Northfield Improving Society for the Promotion of Useful Knowledge," the same title used by Benjamin Franklin in 1743 for the American Philosophical Society in Philadelphia. The library began with a supply of 24 books, charging an annual membership fee of \$5, and continued under that name until 1842.
