- **Other Business**

Chairman Crowley gave the Board an update on a development proposal that was brought to the Planning Board. It was an informal conceptual review, but plans are for construction to begin in the spring and, once complete, there will be 140 new jobs created.

Chairman Crowley also updated the Board on the Shaker Road repair. The contractor is “going to town” and is still on track for an October 1st completion. It will be passable; Mr. Buteau still needs to get a paving contractor to complete the project and this may be after October 1st. Mr. Buteau reported that GMI did not want to quote the project. The area is 25 feet by 50 feet, at the most. Mr. Buteau was directed to contact Chambers and Porter for quotes. The Board again asked that Mr. Buteau approach Chambers and Porter.

The Board re-signed the Hazard Mitigation Plan approval so that it could be notarized.
