The successful Bidder shall notify the Town immediately if these bid documents are at variance with any laws or regulations.
10. The Town may make such investigations as it may deem necessary to determine the ability of the bidder to perform the services, and the bidder shall furnish the Town all such information for this purpose that the Town may request. - B. **BODILY INJURY LIABILITY AND PROPERTY DAMAGE LIABILITY.** The Contractor shall take out and maintain during the life of this Contract such Bodily Injury Liability and Property Damage Liability Insurance and Automobile Bodily Injury Liability and Property Damage Liability Insurance as shall protect them and any subcontractors performing work covered by the Contract from claims for damages for personal injury, including accidental death, as well as claims for Property Damage which may arise from operations under this Contract, whether such operations be by themselves or by the subcontractor or by anyone directly and/or indirectly employed by either of them, and the amount of insurance shall not be less than:

The Town of Northfield will make every effort to have projects ready as soon as materials arrive. The bidder **must** notify the Town of Northfield, in writing, seven (7) days prior to the start of this project.
18. The bidder will guarantee the work and materials and the work and the materials of all subcontractors for a period of one (1) year from the date of acceptance of the work by the Town and agree to leave the work in perfect order at completion. Neither the final certificate of payment nor any provision in the Contract documents shall relieve them of responsibility for negligence, or faulty materials, or workmanship within the extent and period provided by law, and upon written notice they shall remedy any defaults due thereto, and pay all expenses for any damage to work resulting there from. It is hereby specifically agreed and understood that this guarantee shall not include any cause or causes other

than defective work or materials. It is further understood that the Board of Selectmen shall be the final judge as to whether or not any defect is a defect in workmanship and/or materials, which is the bidder's responsibility.

19. The Contract Documents shall include the "Invitation to bid"; "General Provisions", "Specifications", "Proposal", any issued addenda, and the final executed "Contract Agreement".

The intent of these documents is to include all labor, materials, appliances and services of every kind necessary for the proper execution of the work and the terms and conditions of payment thereof.

The documents are to be considered as one, and whatever is called for by any one of the documents shall be as binding as if called for by all.

20. A complete understanding of the conditions as they exist is required by a careful personal examination of the work at the site. The Contractor also shall examine carefully the specifications and the Contract forms of the work contemplated. The Contractor shall not, at any time after the execution of the Contract, set up any claims whatsoever based upon insufficient data or incorrectly assumed conditions, nor shall it claim any misunderstanding in regard to the nature, conditions, or character of the work to be performed under this contract, and it shall assume all risks resulting from any change in the conditions which may occur during the progress of the work.
21. The Town shall make payment on account of the Contract as follows: The Contractor shall invoice the Town for the work completed. After receipt of the Contractor's invoice by the Town, the Town's agent shall inspect the premises and if the work has been completed in accordance with the Contract Documents, the Town will make payment on or within 30-days of the approved amount of the invoice. Before final payment is made to the Contractor, it shall submit evidence satisfactory to the Board of Selectmen that all payrolls, material bills, and other indebtedness connected with the work have been paid.
22. After execution of the Contract, there shall be no changes in the Bid Documents except by a written amendment executed in the same manner as the Contract or by Change Order as described below:

CHANGE ORDERS:

- A. The Town, without invalidating the Contract, may order changes in the work within the general scope of the Contract consisting of additions, deletions or other revisions, the Contract sum and the Contract time being adjusted accordingly. All such changes in the work shall be executed under the applicable conditions of the Contract Documents.
- B. A change order is a written order to the Contractor signed by the Board of Selectmen and the Contractor, after execution of the Contract, authorizing a change in the work and/or an adjustment in the Contract sum and/or in the Contract time.
- C. The terms of any change order shall be mutually agreed to by the Contractor and the Board of Selectmen.
23. The entire work contemplated by the Contract shall be under the supervision of the Board of Selectmen, or their agents so designated, and all questions concerning the prosecution of the work shall be referred to and decided by them.
24. **DETERMINATION AND EXTENSION OF CONTRACT TIME.** It is an essential part of the Contract that the Contractor shall perform fully, entirely and in an acceptable manner, the work under Contract within the time stated in the Contract. If the Contractor finds it impossible for reasons beyond its control to complete the work within the Contract time, it shall make a written request to the Board of Selectmen for an extension of time setting forth the reasons which it believes will justify the granting of its request. The Contractor's plea that insufficient time was specified is not a valid reason for extension of time. If the Board of Selectmen finds that the work was delayed because of conditions beyond the control and without the fault of the Contractor, including but not limited to acts of God, utility relocation's, strikes, delays in the

delivery of critical materials, and work requiring specialists for whose starting time a reasonable latitude must be allowed, the Board of Selectmen may extend the time for completion in such amount as conditions justify. When extension of the Contract time is required due to delays in the delivery of critical materials, sufficient evidence must be furnished to the Town at the time the delay occurs showing that such delay results from the materials being unavailable by reason of unusual market conditions such as an industry-wide strike, natural disaster or an area-wide shortage which arises after bids are taken and which prevents the procurement of materials within the allowable time of limitations. Delays due to slow delivery from a source of supply when the required material is available elsewhere will not be considered as justification for an extension of time.

25. **FAILURE TO COMPLETE ON TIME.** For each day that any work shall remain uncompleted after the Contract time specified for completion of the work, including extensions, the fixed daily charge specified below will be deducted from any money due the Contractor, not as a penalty, but as liquidated damages. Permitting the Contractor to continue and finish the work or any part of it after the time fixed for its completion, or after the date to which the time for completion may have been extended, will in no way operate as a waiver on the part of the Town of any of its rights under the Contract. The Board of Selectmen may waive such portions of the liquidated damages as may occur after the work is in condition for safe and convenient use. The fixed, agreed liquidated damages shall be \$500.00 per day.
26. The Town may withhold any amount of money otherwise due the Contractor to offset such liquidated damage and the Contractor and its SURETY shall be liable to the Town for all additional liquidated damages as provided herein.
27. **ASSIGNMENT.** The contractor shall not assign, sublet, or transfer its interests in this agreement without written consent of the Town of Northfield.
