

**Northfield Police Department
January 2024 Monthly Report**

ATTENTION: BOARD OF SELECTMAN

SUBJECT: DEPARTMENTS JANUARY MONTHLY REPORT

1. The Department had 20 Arrests.
2. 34 Investigations
3. 111 Motor vehicle stops.

Other calls: Domestic Disturbances to include a serious rape case. The Attorney Generals Office stated it did not meet the requirements and is not going forward with prosecution. The Police Department was correct in arresting the individual. The Attorney General will be writing a letter explaining why they will not be prosecuting the case and that will be placed in the case file at the PD.

BUILDING:

The air quality report was completed. The recommendation is to remove the old rugs, add air purification and circulate the air in the basement. No mold was located.

ADMINISTRATION:

We spoke with an individual reference a job for the police officer position. He will be scheduled to do an oral board interview with the Sgt's this upcoming month.

I received a memo stating Sgt Burton is interested in the Lieutenants position. I did not receive one from Sgt Harris. I will be scheduling an oral board for the Lieutenants position this upcoming month. The board will consist of two police chiefs and a Captain from Merrimack County. Transparency is the goal.

CRUISERS:

General Maintenance only: Pads and rotors, new tires on Cruiser 21A

EQUIPMENT:

We have received the new tasers. There is a whole process to get them set up. I need to locate an instructor to train our officers so we can carry them. There is an IT portion for downloading all the data from each taser. We are still waiting for the pistols to arrive.

Respectfully submitted,
Chief Jesse Colby
