OTHER CALLS:

Domestic Disturbance involving a child. Lt Burton and I had to physically restrain an individual who became resistant while being placed in custody. The individual was charged with Endangering the Welfare of a Child x2, Simple Assault Domestic Violence, Resisting Arrest or Detention x2. The male kicked the cruiser door multiple times but there was no damage. Only minor injuries sustained to LT Burton and I during this incident. He was sent to jail and bailed later. Multiple Scam reports this month including pretending to be the Northfield Police Department. One individual was scammed for over \$200,000. We are working together with federal agencies to solve this crime. We have posted on the police Facebook page reminders not to give out your financial information without confirming who is on the other end of the phone.

BUILDING:

I am continuing to gather information regarding a proper holding cell. I have reached out to three contractors to get an estimated cost. I am waiting for estimates to get back to me. Clean up is continuing at the PD. We are going through old documents and destroying unneeded items.

ADMINISTRATION:

Sgt Harris and Lt Burton have interviewed a candidate for the police officer position. I was advised we would like to move forward in the process with him. Stephanie and I have gone through the advertisements for the Sergeant and Patrol positions. They have been posted on the Town page and other areas.

Sgt Harris was able to go to the elementary school and read to the students this week. She made a great impression on the children.

CRUISERS:

No major vehicle issues. We are registering cruisers and have inspections coming up in April.

EQUIPMENT:

We received the radar signs. I have ordered speed signs to put on the same pole as the radar signs. I am waiting on the shop manager from the Department of Corrections to get back to me.

We received the new Glock pistols but are waiting for the optics to arrive so we can assemble them. I have sent emails to follow up. Still waiting.
