

Town of Northfield New Hampshire Board of Selectmen
21 Summer Street, Northfield NH 03276

SUBJECT: PD air quality

DATE ISSUED: 1-26-2024

PURPOSE: To provide better air quality at the Northfield Police Department

OVERVIEW: The Police Department has had two employees who consistently suffer from headaches and sickness. Both are exposed to stagnant air from the basement evidence room. I called EOC Environmental and they came and did an air test on January 25, 2024. The results are pending, we will receive a recommendation from them. The Police Department had the air conditioning ducts cleaned and serviced on 7-15-2021 so I do not believe the duct work is the issue.

OBJECTIVES: Informational
