

NORTHFIELD CONSERVATION COMMISSION
April 20, 2011
MINUTES

Members present: Diane Moreau, Kevin Fife and Dave Krause.

Minutes: Dave Krause moved, seconded by Diane Moreau to accept the minutes of March 23, 2011. Motion passed.

PB & ZBA applications: AmeriGas – Members reviewed the new plan as submitted by AmeriGas and were pleased with the improvements. No comment to be sent to the Planning Board.

Order hats: Diane Moreau moved, seconded by Dave Krause to order 12 hats for Knowles Pond. Motion passed.

Sandogardy Pond – Moreau: Diane Moreau reviewed the history of her lot on Sandogardy Pond and her efforts to locate a camp on it. She has investigated electric and composting toilet systems. She has spoken with DES about use of these systems, but DES will not commit themselves until the town says she can build on the lot. She will probably pursue seeking a variance to build a camp on the lot and then apply for a permit from DES.

DES Dredge and Fill application: State of NH and Town of Northfield for culverts on Bean Hill Road as part of the upgrading of the road. Members reviewed the plans and had no comment other than to make sure erosion control methods are applied during construction.

Correspondence:

- DES – Murdoch – more information needed
- Barry Conservation camp
- Conservation News
- DES – Drinking Water Protection workshop
- DES – HMBP septic application
- DES – PSNH maintenance of lines.

Meeting adjourned at 8:20 pm.

Respectfully submitted,

Eliza Conde, Secretary
