

NORTHFIELD CONSERVATION COMMISSION
July 20, 2011
MINUTES

Members present: Kevin Fife, Patti Howe, Diane Moreau and Rich Bellerose.

Minutes: Kevin Fife moved, seconded by Patti Howe to approve the minutes of June 22, 2011. Motion passed.

PB & ZBA applications:

- Couture: Members reviewed an application for a variance to allow a single family home on a non-conforming lot on Glines Park Road. As the applicant has indicated the existence of a drainage system on the plan, it is suggested that a site walk be conducted to determine if wetlands are an issue, requiring the 50 foot setback from any wetlands.
- Brunt: Members reviewed an application to allow an expansion of a deck and a portable garage within the setbacks on Ski Hill Drive. The only comment relative to this application is that the drawing is not to scale making it difficult to determine if there actually is room for the garage.

Correspondence:

- Biomass energy flier
- NCRC+D information
- DES – Volunteer Lake and River monitor program
- UNH Wildlife Habitat conference

Other:

- Cliff Mills has made a case for Knowles Pond maps to be attached to the kiosk.
- Sandogardy Pond – members discussed the water quality report by DES which did not specify any one particular cause, making it difficult to determine how to go about improving the water quality.

Meeting adjourned at 8:30 pm.

Respectfully submitted,

Eliza Conde, Secretary

Minutes approved September 21, 2011
